**In Ukraine-** As of 2014, the Luhansk region of eastern Ukraine has been under the control of rebels. Since then, the self-declared government imposed oppressive religious restrictions. Last year, an order was made that no religious groups may hold services, now a year later the ban remains in place and many church buildings now sit empty. These church communities own the buildings but cannot use them. Please uphold Christians in Ukraine the they may peacefully worship together and bless services in their homes also that the Lord will work in the official's heart so that they may worship in peace
